

I listen to K-LOVE everyday on the way to work and it is very uplifting. I can't imagine not having K-LOVE to listen to. I can't stand all those talk radio programs!

What do you want us to listen to!! There is so much junk on the air. K-LOVE is so wholesome. How could anyone think of taking such a wonderful resource off the air.

K-LOVE is in the public interest because it gives us a choice! I love K-LOVE and I know many others who do also!!
